

Caring for patients with compassion and expertise is what we do here at WakeMed – it’s at the heart of who we are and who we’ve been for more than 50 years. We heal broken hearts, save lives, share the joys of birth and the heartbreak of loss with patients and their families. While in our care, our patients become part of our family – and for that, we are grateful.

Oftentimes, though, our patients and their families want to thank us. Whether it’s the physician who performed a life-saving procedure, a nurse who offered a compassionate hand to hold, or the volunteer who took the time to listen – sometimes our patients tell us that a simple “thank you” just isn’t enough. That’s why we established a **Gifts of Gratitude Program** – a way for our patients to recognize and commemorate the compassionate care received during their stay at WakeMed.

THE POWER OF GRATEFUL GIVING

At WakeMed, it has been an incredible privilege to care for you, share in your progress and guide you on your road to recovery.

If you would like to thank your doctor, honor a special nurse, therapist or care team member, please consider making a donation to our Gifts of Gratitude Program. Your gift will allow us to help those who have helped you in your time of need, as well as the many patients who will come after you.

With your gift, you can make a true difference in the lives of our medical professionals, patients, their families, and our entire community.
