National Healthcare Volunteer Week was celebrated **April 6-12** and offers us a special opportunity to recognize the support that volunteers provide to patients and their families, to hospital staff, and to the community. It is the perfect occasion to focus on the many significant contributions our volunteers make individually and collectively every day to the WakeMed system.

Following are a few of the FY13 outcomes from activities of The Volunteers at WakeMed Raleigh Campus and The Volunteers at WakeMed Cary Hospital.

- **1,539 individual volunteers** gave a combined **135,432 hours of service** throughout the WakeMed Health & Hospitals system to patients, families and staff.

Until one has loved an animal , a part of one's soul remains unawakened.

Anatole France

The President's Spotlight – Raleigh Campus

Greetings to all our volunteers! I am hoping that despite the antics of a longer than usual winter, your "esprit" has not been too adversely affected. Fortunately, seasons have a way of reversal and the rites of spring are now, indeed upon us, in the most welcoming of sights and in regenerative boosts to both morale and spirits. Welcome, spring!

Perhaps, the most significant thing I wish to bring to your attention in this report is the re-organization that has taken place in Volunteer Services. After several months of inquiry and assessment Chris Gage had announced in February that Volunteer Services will operate as one unified system, rather than a "facility by facility" operation. The intent of this change is to greater maximize personnel and resources in the provision of volunteer services to a wider base of WakeMed locations: Raleigh, Cary, WakeMed North, etc. With this re-organization, Chris Gage, director and Jackie Kennedy, manager will be primarily Raleigh based but will bring leadership to the total WakeMed system. Natalie Leary will oversee interviews and placement for the WakeMed system.

Another highlight of the past month, was the Annual Volunteer Luncheon at the North Ridge Country Club. It was a fine and festive gathering. Mr. Donald Gintzig spoke to the dedication, commitment, and invaluable contributions of so many volunteers. This message was re-echoed by Chris Gage who then also signaled the steady and committed service of our "sewing circles" throughout the county. Over the past years, she noted, they have provided countless knitted/crocheted hats, afghans and blankets to patients of all ages; and thus, made the stay of patients a bit more enjoyable. Mr. Ken Shorsher closed the luncheon with a most touching account of his journey from patient to Mended Hearts volunteer. He attested to how his turn towards voluntarism was spurred by an exceptional WakeMed hospital experience. He now wishes to give back by accompanying others through the straits of heart surgery and the subsequent recovery and healing process. Many thanks to Chris, Jackie and Natalie for a wonderfully arranged luncheon. This is surely a fine tradition that must continue!

Of note also was a very successful shoe sale arranged by Volunteer Services in late February. Profits of about \$6,500 were realized from this sale and will be used to further forthcoming hospital needs.

Lastly, a word of thanks to all you dedicated, wonderful volunteers who serve WakeMed so faithfully. Much of what you do goes unheeded and perhaps largely unnoticed by many. Be assured that you are vital to the hospital and its excellence. May your good deeds and quality of service be their own rewards!

Respectfully Submitted,
Michael Fuchs

The President's Spotlight – Cary Hospital

I hope you were able to attend the Volunteer Appreciation Luncheon in February at Prestonwood Country Club. Our Volunteer Services staff outdid themselves! Kudos goes to all those involved in making this such a lovely event. Thank you to the brave volunteers who were videoed while doing their hospital duties. Each of you expressed yourselves so beautifully about why you volunteer and the rewards it brings to you. You truly spoke for all of us. While you were at the luncheon, I hope that you took the time to view the beautiful handiwork provided by our TLC Community volunteers and our Huggable volunteers. We are so blessed to have these volunteers share their creative gifts.

We were reminded again how much WakeMed appreciates their volunteers during National Volunteer Week (April 6 –

12). Don't forget to use the free movie ticket that you received from the volunteer office.

Chris Gage, Volunteer Services director, sent out a letter several weeks ago explaining the restructuring of the Volunteer Services department. Change is hard, but I think we are making a good transition. We all miss seeing Jackie in the office every day, because she is now involved with program planning and development throughout the WakeMed system, Jackie will not only spend time in Cary but in **all** the WakeMed facilities. We are delighted to welcome Zee Smith, who is a wonderful addition to our volunteer office. Natalie Leary will be in our volunteer office at times interviewing and placing volunteers for our hospital.

Our main fund raising event is the WakeMed Cary Volunteer Golf Outing, which will be held this year on Monday, October 27th at MacGregor Downs Country Club. The money raised through this event goes to support all of the programs and services that the volunteers support at WakeMed Cary. How can you help? Encourage the golfers in your family or neighborhood to come out and support us. Look for more information about the event in the upcoming months.

If you have received an evaluation recently in the mail, remember to sign the evaluation and return it to the volunteer office.

The WakeMed Volunteer website has a new look. I encourage you to check it out. Go to www.wakemed.org, and click on *Volunteering* in the upper right hand corner.

I cannot say this enough. You are an extraordinary group of men and women, who give so generously of yourselves and your time. Thank you for all that you do for WakeMed Cary Hospital.

Respectfully submitted, Bunny Thompson

Volunteer Spotlight WakeMed Raleigh Campus ~ Lisa Himmelberger

I graduated with a Graphics Arts Degree after living in Paris as a Foreign Exchange student studying French and Art History. After an extensive career in the restaurant industry as an owner/operator in Philadelphia; and then, a restaurant manager for a national corporation I was offered a Human Resource position with Target that brought me here to North Carolina in 2002.

I've discovered over time I have a passion for helping people and fixing problems. I've always been interested in the medical field and now I'm taking the time to discover a second career. I've been volunteering with WakeMed for a year now in two different areas, Patient Relations and PACU. I absolutely enjoy the staff I'm surrounded with and the patients I encounter every week. To have the opportunity to chat with patients, share a smile and possibly bring some comfort to their day is so fulfilling.

I also volunteer at my church in the café making smoothies and Frappuccinos. My hobbies are painting, running and any activity that gets me outdoors.

Volunteer Spotlight WakeMed Cary Hospital ~ Denise Galloway

In 2006, I retired from my job as a case manager in a small community hospital outside New York City, and moved to Cary. It was not long before I found my way to WakeMed Cary inquiring about volunteer opportunities. Then, like now, positions were not always available. Thus I began as a "sub" 8-12 on Friday mornings at the Information Desk. Seven years later, I am still there, part of a great team led by Tana Taylor. Ask anyone who covers the Information Desk and they will tell you it is seldom boring. We are constantly learning how to better serve our patients and their families/friends, as well as the staff.

Throughout the years there have been many rewarding opportunities, some way out of my comfort zone. I have helped out at the golf outing, worked on some short term special projects, done clerical work and been on the Volunteer Board. WakeMed Cary administrators and staff treat their volunteers so well. I feel respected, appreciated and useful.

The volunteer office staff is so knowledgeable and supportive. Occasionally they gently challenge us and we learn something new about our own strengths. What a lovely feeling that is at any age, but for a retiree it is an affirmation.

Obviously I am grateful for all WakeMed Cary has meant to me. Please, fellow volunteers, be open to new and challenging opportunities at the hospital. For example, the Volunteer Board is always interested in new members. Attend a meeting; see the good that the group accomplishes. Join in, you won't be sorry.

Sewing Contributions

The efforts of our talented sewing volunteers benefit WakeMed Health & Hospitals by providing us with beautiful handmade items made especially for our patients – young, old, big and small. These gifts, made with such love and attention to detail, add a dimension of comfort and care that is second to none.

Many thanks to the countless individual sewers in our community that sew independently and deliver their treasures each month; to the individuals who sew and also participate in our in-house volunteer programs and to the sewing groups who meet on a regular basis.

Donations

WakeMed Cary Hospital & WakeMed Raleigh Campus

The Volunteer Services departments at Raleigh Campus and Cary Hospital offer magazines, comfort items, word puzzles, books and other select reading material to our patients. Donations of gently used or new magazines, novels (romance, mystery, westerns) and word puzzle books will be greatly appreciated.

Criteria:

- **Magazines** – Must be current. Monthly publications published within the past 3 months are acceptable. Weekly publications or news related magazines should be no more than two months old. Gifts of a magazine subscription in English or Spanish are accepted. If you are donating magazines that have been delivered to your home, the mailing address or any other personal identifying information should be marked out or removed before delivering to the hospital.
- **Books** – Paperbacks are preferred. They must be clean and odor free (no musty or moldy smell). Books must fall into the category of light reading. Experience tells us when a person is sick they most often stick with materials that are easy to read that do not require intense concentration.
- Due to, and out of respect for, the diversity of our customer base, reading material of a religious nature cannot be distributed and therefore cannot be accepted.
- New or gently used children's books (6 months – 5 years of age) are requested.

There is an urgent need at the Raleigh Campus for Spanish, African American, and men's magazines. There also is a need for crayons (large or small) and coloring pencils.
